The Company

Cambridge Leaseholds Limited (the "Company"), a property investment company, was incorporated under the laws of the Province of Ontario by Letters Patent dated September 19, 1960. By Supplementary Letters Patent dated September 5, 1968, the Company was converted into a public company and changes in its capital structure were effected so that the authorized capital of the Company consists of 1,500,000 shares without par value. The head office and principal office of the Company is located at 586 Ouellette Avenue, Windsor, Ontario.

History

The Company was founded by Morris and Charles Tabachnick of Windsor and has been a private company owned by the Tabachnick and Odette families. The Tabachnicks have been engaged in the field of real estate development and the management of office buildings and other commercial properties since 1951. Charles Tabachnick, the chief executive officer of the Company, is engaged on a full time basis in the management of the Company. Louis L. and Edmond G. Odette, who are both actively engaged as senior officers of Eastern Construction Company Limited ("Eastern"), have taken a continuing interest in the Company's affairs and have provided valuable assistance to the Company. Eastern has been the general contractor for substantially all of the construction undertaken by the Company.

The Company's first shopping centre was opened in August, 1962 in Windsor. Since that time, the Company has developed and still owns eight additional community shopping centres located in Ontario and New Brunswick and two urban retail developments located in Windsor, Ontario.

On October 16, 1968, the Company will open the Burlington Mall, a regional shopping centre in Burlington, Ontario. In addition, the Company is planning and will develop and manage a regional shopping centre in Windsor, Ontario for the owner, Regional Shopping Centres Limited, a company in which Cambridge Leaseholds Limited is acquiring a 50% interest. The Company owns or holds options on certain other properties described below under the caption "Future Development".

Business of the Company

General

In carrying on its shopping centre business the Company has been closely associated with the promotional department store industry. The Company proposes to develop and own additional community shopping centres while also engaging further in the field of regional shopping centres.

All properties presently owned and operated by the Company are fully leased and the Company has been in this 100% occupancy position almost continuously throughout its history.

The following table sets forth information with respect to the Company's revenue-producing properties:

(2) All revenue-producing properties including Burlington Mall.

Major Tenants

All major leases in the community shopping centres and the urban retail developments owned by the Company are for terms of 20 to 25 years from their original date. The total minimum annual rental income

currently payable to the Company under all existing leases on such properties is \$2,212,000. About 88% of the minimum annual rental income is derived from the following nationally known tenants:

S. S. Kresge Company, Limited,
Steinberg's Limited,
F. W. Woolworth Co. Limited,
Dominion Stores Limited,
Loblaw Groceries Co. Limited,
Reitman's (Ontario) Limited,
Agnew-Surpass Shoe Stores Limited,
Maher Shoes Limited,
G. Tamblyn Limited,

Peoples Credit Jewellers Limited,
Famous Players Canadian Corporation Limited,
Household Finance Corporation of Canada,
Seaboard Finance Company of Canada Limited,
Allstate Insurance Company,
Brewers' Warehousing Company Limited,
Co-operators Insurance Association,
New Brunswick Liquor Control Commission,
Western Tire and Auto Supply Limited, and
Three Canadian chartered banks.

Community Shopping Centres

Each of the community shopping centres owned by the Company has a promotional department store as a major tenant and also contains a food store and in most cases, a number of smaller shops and services to complement the department store. These nine centres encompass approximately 1,100,000 square feet of gross leaseable area on 173 acres of land. Each centre is strategically located to serve a large urban area and is situated in or adjacent to a major city in either Ontario or New Brunswick.

The Company has served since its inception as a major developer in Canada for the K mart division of S. S. Kresge Company, Limited.

The following is a list of these community centres indicating their locations, date of initial full operation, gross leaseable area (sq. ft.) and annual rental income secured by leases as of August 31, 1968:

		<u>1,103,730</u>	<u>\$1,855,760</u>

Each community shopping centre may be expanded both by an increase in the size of the department store and by the construction of additional retail and service type stores without the necessity of providing additional parking. Three centres also contain undeveloped land totalling 24 acres which will permit further development of these centres.

Urban Retail Developments

The downtown commercial developments consist of a 200,000 square foot, single-tenancy Steinberg's Miracle Mart Department Store and Food Store located on a site of approximately 2½ acres on Goyeau Street in Windsor, Ontario and a retail and parking complex located in the heart of the downtown business and commercial district of Windsor covering a 27,000 square foot site.

Regional Shopping Centres

The trend in the retailing industry is toward the regional type of shopping centre. By definition, a regional centre should be capable of attracting people and their trade from a wide and densely populated area. To accomplish this it must present a great number of merchant types and an even greater range of merchandise selection.

The Company's management is knowledgeable in this field and it is intended that a substantial part of the Company's future efforts be devoted to this area of the business.

Burlington Mall

Location

Burlington Mall shopping centre ("Burlington Mall") is a regional shopping centre. It is located on 47 acres of land immediately south of the Queen Elizabeth Way at the Guelph Line Road in the Town of Burlington, Ontario. It will serve 500,000 people living in the Golden Horseshoe area comprised of Hamilton, Burlington, Oakville and surrounding communities and will be the only enclosed-mall regional shopping centre in the Metropolitan Hamilton area when it officially opens on October 16, 1968. Access to the centre is facilitated by two major existing expressways and a network of arterial roads. Paved parking facilities will provide for approximately 3,300 cars. The Company owns a contiguous parcel of approximately seven acres which is intended to be used for future development of the centre.

The Mall

The Burlington Mall will be a complete shopping community offering the shopper an entire range of merchandise selection and customer services and will contain two large department stores, a food supermarket, a dual-auditorium theatre, 40 other retail stores including drug, apparel, jewellery, furniture and specialty stores, and 13 other tenants offering complementary services to shoppers including dining, banking, barber and beauty facilities. The total building area is in excess of 450,000 square feet. All of the stores are adjacent to enclosed climate-controlled malls which provide comfortable shopping in any weather. The two major occupants are Simpsons-Sears Limited ("Simpsons-Sears") and The G. W. Robinson Company Limited ("Robinsons").

Simpsons-Sears

The Company has sold 12 acres of land in the Burlington Mall on which has been constructed a Simpsons-Sears department store and automotive centre, having a combined floor area of approximately 100,000 square feet. A paved parking area to accommodate 800 automobiles has been constructed in conjunction with the Simpsons-Sears store. Simpsons-Sears will completely maintain its own store and the related parking area and will contribute to the cost of operating the enclosed malls. The Company will receive no rental income from Simpsons-Sears. The Company understands that the Simpsons-Sears property will in the immediate future be sold and simultaneously leased to Simpsons-Sears by the purchaser until June 30, 1994 with rights of renewal for three additional 10 year terms.

Simpsons-Sears is a member of the Burlington Mall Merchants' Corporation ("the Association"). The Company and Simpsons-Sears have entered into a 35-year agreement which, among other things, provides for mutual rights of access over each others lands.

Robinsons

Robinsons' department store contains approximately 103,000 square feet and is leased from the Company for a term of 30 years. Robinsons is a wholly owned subsidiary of Owen Owen (Canada) Limited which in turn is a wholly owned subsidiary of Owen Owen Limited of Liverpool, England. The Robinsons lease is guaranteed by Owen Owen Limited and requisite Bank of England consent has been obtained for the giving of this guarantee. Robinsons operate a well established department store in downtown Hamilton, Ontario.

Leases

The shopping centre is completely leased. It is anticipated that the major tenants and the bulk of the other tenants will be open for business on the official opening date and all premises are expected to be in

operation before the end of 1968. The total minimum annual rental income payable to the Company under leases in Burlington Mall is approximately \$1,032,000 of which three-quarters is derived from well known chain store tenants including Robinsons.

All retail leases and many of the service store leases contain a volume percentage clause requiring payment of additional rental if sales exceed a specified level in each case. All leases contain a clause requiring the tenants to pay any increase in municipal taxes over a base amount stated in each lease. Direct operating expenses of the shopping centre including repairs and replacements, except structural repairs, are borne entirely by the tenants on a pro-rata basis. The effect of these various clauses is to substantially eliminate the exposure of the Company to increases in operating costs and at the same time to permit the Company to share in the sales revenue of each tenant after a certain level of sales has been reached.

Construction Costs and Expenses

The total cost to completion of Burlington Mall, including a fixed price construction cost of \$5,630,000, land and all other costs, will be approximately \$7,425,000. Up to August 31, 1968, \$4,773,000 of the total cost was paid by the Company leaving a balance of \$2,652,000 to be paid as incurred. Construction financing is provided as required by the Company's bankers, and \$620,000 was owing to the bank on August 31, 1968. Of a total mortgage commitment of \$7,000,000, the sum of \$4,000,000 was received in June, 1968 and the balance of \$3,000,000 will be advanced in January, 1969 and will be applied firstly on account of construction bank loans.

Operating costs to be borne by the Company are estimated at \$115,000 per year. These costs include the payment of base taxes under tenants' leases, insurance premiums, structural maintenance and repair costs, the cost of maintaining an office on the premises and the Company's estimated annual contribution to the Association.

Burlington Mall Merchants' Corporation

All tenants, Simpsons-Sears and the Company are members of Burlington Mall Merchants' Corporation which joins all together for the common goals of business success and good citizenship within the market served. The major purpose of this Association is to promote the shopping centre as a whole and to co-ordinate and regulate the activities of the tenants for their mutual benefit. The Company believes that the Association is essential to maximize the profitability of its shopping centre investment.

Future Development

The Company is continuing its expansion program. In line with this policy, the Company now has the following projects in various stages of development:

Devonshire Windsor

The Company is acquiring a 50% interest in Regional Shopping Centres Limited ("Regional") which was formed in 1968 and which has exercised an option to purchase a 119 acre site on Howard Avenue in the City of Windsor, Ontario, approximately 60 acres of which will be developed as a regional shopping centre to be known as "Devonshire Windsor". The remaining land will be retained by Regional for future uses compatible with and complementary to this shopping centre development.

Simpsons-Sears has agreed to purchase 15 acres of the shopping centre site on which they will construct a department store and automotive centre containing in total approximately 190,000 square feet of floor area. Simpsons-Sears will also construct and maintain their own parking area. Regional and Simpsons-Sears have entered into a 35-year agreement which, among other things, provides for mutual rights of access over each other's lands.

It is anticipated that Devonshire Windsor will contain two department stores, a supermarket, and at least as many other retail stores and tenants offering complementary services as Burlington Mall.

Pursuant to an agreement with Regional dated August 28, 1968, the Company will provide all services relating to the development, leasing and continuing management of Devonshire Windsor for which the the Company will receive development, leasing and management fees as provided in the said agreement.

Architects and other consultants have been engaged to plan Devonshire Windsor and a rental program has been initiated. It is anticipated that plans and leasing arrangements will be finalized permitting the commencement of construction during the early part of 1969. The scheduled opening of the shopping centre is August, 1970.

K mart Plaza, St. Catharines, Ontario

The Company has exercised an option to purchase 18.6 acres of land located on Ontario Street in the City of St. Catharines, Ontario, at a cost of \$300,000. The Company has entered into a 22 year lease with S. S. Kresge Company, Limited for a combined department store and food store, at an annual minimum rental of \$258,000. The Company is currently negotiating with Eastern for the construction of this centre. It is anticipated that construction will commence before the end of 1968 and that the store will be in operation in June, 1969. In addition, the Company plans to construct another 15,000 square feet of retail and service stores and a program to lease this space is now in progress.

Belleville Option

The Company has an option expiring in February, 1969 to purchase a 15 acre parcel of land located on Highway No. 14 at the intersection of Highway No. 401 in Belleville, Ontario. The Company proposes to use this land for a community shopping centre and negotiations are proceeding with prospective major tenants.

Charlottetown Option

The Company also has an option to purchase 11 acres of land in Charlottetown, Prince Edward Island. The Company plans to construct a community shopping centre on this site and negotiations are proceeding with major tenants for leases.

Plan of Distribution

The shares offered by this Prospectus are being purchased by Fry & Company Limited as underwriter pursuant to an agreement dated October 10, 1968 between Fry & Company Limited, the Company and the Selling Shareholders:

- (i) as to 150,000 shares from the Company at a price of \$8.00 per share, and
- (ii) as to 25,000 shares from the Selling Shareholders at a price of \$8.00 per share,

in each case payable in cash against delivery and upon and subject to the terms and conditions set out in the agreement. In certain circumstances as fully described in the agreement, Fry & Company Limited has the right to withdraw from its obligation to purchase the shares but in no event may it purchase only part of the shares.

Common shares of no par value. Authorized 10,000 shares, not to exceed \$10,000; issued 400 shares.....	400	—

Pro Forma:

Shares of no par value. Authorized 1,500,000 shares, not to exceed \$15,000,000; issued 1,012,500 shares.....	—	1,700,400
	<u>\$ 400</u>	<u>\$1,700,400</u>

In addition to the issue and sale of shares as set out in note 1(c) above, the company has set aside 20,000 shares without par value to establish an employee stock option plan. Options to purchase a total of 10,000 shares at the price of \$8 per share have been granted to senior officers and employees exercisable until October 31, 1970. Options for the balance of the shares will be granted from time to time in the discretion of the board of directors.

9. The company is contingently liable as mortgagor on mortgages on properties previously owned by the company, payment of which has been assumed by the purchasers. The liability secured by these mortgages amounted to approximately \$972,000 at May 31, 1968.
10. The treatment for tax purposes of deferred development expenses and depreciation differs from the company's accounting treatment. Depreciation and amortization are recorded as set out in note 5. Deferred development expenses, claimed for tax purposes in the years incurred, exceed in total the amortization recorded in the accounts by approximately \$900,700, while the accumulated depreciation recorded in the accounts exceeds the total capital cost allowance claimed for tax purposes by approximately \$317,300. For the reason set out above no income taxes are currently payable; however were the company to provide in its accounts for income taxes determined by reference to the amount of net earnings reflected in the statement of earnings, income taxes and net earnings for the five years ended May 31, 1968 would have been as follows:

	1964	1965	1966	1967	1968
Net earnings per statement.....	\$78,613	\$55,150	\$100,528	\$123,176	\$272,102
Income taxes.....	33,300	20,000	47,800	62,600	88,900
Net earnings.....	<u>\$45,313</u>	<u>\$35,150</u>	<u>\$ 52,728</u>	<u>\$ 60,576</u>	<u>\$183,202</u>

The accumulated provision for income taxes to May 31, 1968 would have totalled \$252,600.
